DESCRIPTION

Magdalen and Norah Vanstone have known only comfort and affluence their entire lives. Orphaned suddenly following the unexpected deaths of their parents, the illegitimate sisters find themselves flung into the other extreme of living: their father had neglected to amend his will following their parents' recent marriage, leaving them with nothing, and their bitter, estranged uncle, the legal inheritor of the family fortune, mercilessly refuses them support. They have no money, no rights and no name. Norah, the elder of the two, looks for work as a governess and accepts her fate. Fiery and headstrong Magdalen, however, does not. She vows revenge and schemes a series of traps to recover the fortune, no matter the cost...
