

Beginning at the end of Augustus's reign, Tacitus's *Annals* examines the rules of the Roman emperors from Tiberius to Nero (though Caligula's books are lost to us). Their dramas and scandals are brought fully under the spotlight, as Tacitus presents a catalogue of their murders, atrocities, sexual improprieties and other vices in no unsparing terms. Debauched, cruel and paranoid, they are portrayed as being on the verge of madness. Their wars and battles, such as the war with the Parthians, are also described with the same scrutinising intensity. Tacitus's last major historical work, the *Annals* is an extraordinary glimpse into the pleasures and perils of a Roman leader, and is considered by many to be a masterpiece.

David Timson has made over 1,000 broadcasts for BBC Radio Drama. For Naxos AudioBooks he has written *The History of Theatre*, an award-winning production read by Derek Jacobi, and directed four Shakespeare plays including *King Richard III* (with Kenneth Branagh). He has also read the entire Sherlock Holmes canon and Gibbon's *Decline and Fall of the Roman Empire*.
